Mark Spencer Udell 1968 -2005, with a Special Care child.

Mark Udell worked at Special Care for 5 years off and on. He started out substituting in all the classrooms, he then got an after school classroom, and prior to his death he was doing his practicum teaching at an Edmond Elementary School and volunteering, visiting the kids at Special Care. He had found his passion in life when he met the kids at Special Care, and they became his future, he was getting his special education degree at the University of Central Oklahoma when he was tragically killed in an automobile/motorcycle accident in May of 2005. We miss him greatly and have a void that can not be filled by another. There is no one as funny, goofy or playful as Big Chief Unibrow, our beloved Mark Udell.

[Marks Friends got together and planted a tree on the Special Care playground, the plaque placed with the tree reads as follows:](#)
